PROFESSIONAL SUMMARY

Data Science graduate (B.Sc. Computer Science) with 6 months of Data Science internship experience and 5 end-to-end projects in Python, SQL, Machine Learning, Predictive Modeling, Exploratory Data Analysis (EDA), and Data Visualization. Skilled in data cleaning, feature engineering, supervised learning (regression), unsupervised learning (K-Means clustering), and building interactive dashboards with Streamlit, Power BI, and Excel. Experienced in analyzing 50,000+ record datasets using Pandas, NumPy, and SQL to deliver actionable business insights and data-driven decisions. Seeking an entry-level Data Scientist / Data Analyst role.

TECHNICAL SKILLS

Core Skills: Data Science, Machine Learning, Predictive Modeling, Supervised & Unsupervised Learning, Data Analysis, Data Visualization, Business Intelligence, Statistical Analysis, Data Storytelling

Programming: Python, SQL, HTML, CSS, JavaScript (basic)

Machine Learning: Linear/Regression Models, K-Means Clustering, Feature Engineering, Feature Scaling, Model Training & Evaluation, Scikit-learn

Python Libraries: Pandas, NumPy, Matplotlib, Seaborn, Plotly, Scikit-learn, Streamlit

SQL: Joins, Subqueries, Window Functions, Aggregate Functions, CTE, MySQL

Data Visualization & BI: Power BI (DAX, Data Modeling, Power Query), MS Excel (Pivot Tables, Slicers, XLOOKUP, INDEX-MATCH), Dashboards

Data Analysis: Data Cleaning, Data Preprocessing, Data Transformation, EDA, KPI Reporting, Statistical Analysis

Tools: Jupyter Notebook, VS Code, MySQL Workbench, Git, GitHub

EXPERIENCE

Data Science Intern — Novartis Tech System, Pune

Oct 2025 – Mar 2026

- Analyzed datasets of 50,000+ records using Python and SQL to generate business insights and support data-driven decision-making.
- Performed data cleaning, transformation, and preprocessing with Pandas and NumPy to improve data quality and consistency.
- Conducted Exploratory Data Analysis (EDA) and statistical analysis to identify trends, patterns, and anomalies in business data.
- Created reports, dashboards, and data visualizations using Python (Matplotlib) and Excel for stakeholders.
- Collaborated with team members to deliver data solutions within project timelines.

PROJECTS

House Price Prediction | Python, Pandas, Scikit-learn, HTML/CSS/JS | [GitHub](#)

- Built an end-to-end machine learning project to predict house prices from property features using regression models on a ~100K-record dataset.
- Performed data cleaning, EDA, visualization, feature engineering, and preprocessing; trained, evaluated, and saved the model for reuse.
- Developed a web front end (login and prediction pages) using HTML, CSS, and JavaScript to serve predictions.

AI-Powered Customer Behavior Analysis | Python, K-Means, Streamlit, Plotly | [GitHub](#)

- Analyzed customer purchasing patterns and segmented customers using K-Means clustering with feature scaling (scikit-learn).
- Built an interactive Streamlit dashboard with Plotly visualizations and filters to explore customer segments and business insights.

PhonePe Transaction Analysis Dashboard | Power BI, SQL | [GitHub](#)

- Developed an interactive dashboard to analyze transaction volume, transaction amount, user trends, and regional performance.
- Used SQL for data extraction, transformation, and filtering; built KPIs, charts, and slicers to surface transaction trends.

HR Analytics Dashboard | Power BI, SQL | [GitHub](#)

- Developed an HR dashboard tracking employee attrition, salary distribution, and department performance.
- Used SQL for data extraction and preprocessing; identified key factors affecting employee retention.

Swiggy Sales Dashboard | MS Excel | [GitHub](#)

- Designed an interactive Excel dashboard with Pivot Tables, Pivot Charts, Slicers, and Conditional Formatting.
- Developed KPI reports to monitor sales performance and customer ordering patterns.

EDUCATION

Bachelor of Science in Computer Science (B.Sc. CS)

2022 – 2025

Shree Tukaramji Solav Science College, Tondala — Amravati University, Amravati

CERTIFICATIONS

Data Science / Data Analytics Certification — UV Technocrats and Solution, Pune

Apr 2025 – Sep 2025
